

You are Invited to
A Presentation and Discussion of

INTIMACY AND SEXUALITY AFTER CANCER

Open to Women Living With Cancer

Ask questions, share concerns, and learn ways to cope with the changes cancer brings to your life.

Some topics to be discussed:

- Some myths about sex and cancer.
- Removing the stigma; normalizing the impact cancer has on your sexuality and intimacy.
- Talking with your doctor about cancer's effect on sexuality and intimacy.
- How cancer influences relationships.
- Physical changes after surgery.
